DoubleDown Interactive Reports Fourth Quarter and Full Year 2023 Financial Results

SEATTLE, WASHINGTON – February 13, 2024 — DoubleDown Interactive Co., Ltd. (NASDAQ: DDI) ("<u>DoubleDown</u>" or the "<u>Company</u>"), a leading developer and publisher of digital games on mobile and web-based platforms, today announced its unaudited financial results for the fourth quarter and year ended December 31, 2023. The Company's consolidated financial results for the three- and twelve-month periods ended December 31, 2023 include 61 days of contributions from European iGaming operator, SuprNation, which was acquired by the Company on October 31, 2023.

Fourth Quarter 2023 vs. Fourth Quarter 2022 Summary:

- Revenue was \$83.1 million in the fourth quarter of 2023 compared to \$76.2 million in the fourth quarter of 2022. Revenue contributed by SuprNation totaled \$4.3 million for the 61 days the Company owned and operated the business. Revenue exclusive of the contributions from SuprNation increased 3% year over year to \$78.8 million.
- Operating expenses declined to \$47.5 million in the fourth quarter of 2023 from \$321.4 million in the fourth quarter of 2022, primarily reflecting the one-time, non-cash goodwill and intangibles impairment of \$269.9 million incurred in the fourth quarter of 2022.
- Adjusted EBITDA was \$36.2 million for the fourth quarter of 2023, an increase from \$24.7 million for the fourth quarter of 2022, primarily due to higher revenue and lower cost of revenues and sales and marketing expenses, partially offset by higher general and administrative expenses. Adjusted EBITDA margin increased to 43.5% in the fourth quarter of 2023 from 32.4% in the fourth quarter of 2022.
- Net income was \$25.5 million, or earnings per fully diluted common share of \$10.27 (\$0.51 per American Depositary Share ("<u>ADS</u>")), in the fourth quarter of 2023, compared to a loss of \$(194.4) million, or a loss of \$(78.47) per fully diluted common share (\$(3.92) per ADS), in the fourth quarter of 2022. Note each ADS represents 0.05 share of a common share.
- Average Revenue Per Daily Active User ("<u>ARPDAU</u>") for the Company's social casino/free-to-play games increased to \$1.24 in the fourth quarter of 2023 from \$0.98 in the fourth quarter of 2022 and \$1.06 in the third quarter of 2023.
- Average monthly revenue per payer for the social casino/free-to-play games increased to \$279 in the fourth quarter of 2023 from \$227 in the fourth quarter of 2022 and \$245 in the third quarter of 2023.

"Our fourth quarter results, which include a 3% year-over-year increase in core social casino revenue to \$78.8 million and a 46% increase in Adjusted EBITDA to \$36.2 million, highlight our best-in-class ability to monetize our loyal players combined with our disciplined approach to user acquisition and R&D spend which drives consistent profitability and strong free cash flow," said In Keuk Kim, Chief Executive Officer of DoubleDown. "We continue to deliver strong engagement metrics for our flagship social casino game *DoubleDown Casino*, as ARPDAU and average monthly revenue per payer rose 26% and 23%, respectively, compared to the 2022 fourth quarter. As a result, cash flows from operating activities were approximately \$30 million in the fourth quarter.

"Our acquisition of SuprNation in the fourth quarter marked our entrance into the European iGaming market and we are moving quickly on a range of initiatives to scale the business which will be our initial focus before we turn to optimizing the cash flow generated by this business. These initiatives include increasing marketing investment and leveraging our legacy of marketing and product expertise to grow SuprNation's market share in its core U.K. and Sweden markets.

"We place a primary focus on being capital efficient as reflected in our strong Adjusted EBITDA margins and free cash flow generation. At 2023 year-end, cash and cash equivalents and short-term investments net of current borrowing were approximately \$235 million, which is equivalent to approximately \$4.75 per ADS. Our strong net cash position and consistent ability to generate attractive free cash flow provides the Company with significant flexibility to evaluate further opportunities to deploy capital that would continue to expand our business in gaming categories with attractive addressable markets and where our operating discipline would ultimately deliver additional free cash flow and create new value for our shareholders."

Full Year 2023 vs. Full Year 2022 Summary:

- Revenue, inclusive of the 61-day contributions from SuprNation noted above, decreased from \$321.0 million for the year ended December 31, 2022 to \$308.9 million for the year ended December 31, 2023. Revenue exclusive of the contributions from SuprNation, declined to \$304.6 million.
- Operating expenses decreased from \$634.9 million in the year ended December 31, 2022 to \$190.7 million in the year ended December 31, 2023. Full year 2022 operating expenses include a \$141.8 million charge related to the settlement of the *Benson* class action and associated proceedings and the \$269.9 million goodwill and intangibles impairment charge noted above. Both of these charges were one-time in nature and not recurring. Additionally, lower cost of revenues and sales and marketing expenses, partially offset by higher general and administrative expenses, contributed to the decrease in operating expenses.
- Adjusted EBITDA for the year ended December 31, 2023 increased to \$118.9 million from \$101.6 million for the year ended December 31, 2022, resulting in an Adjusted EBITDA margin of 38.5% in 2023, compared to an Adjusted EBITDA margin of 31.6% in 2022. The increases in Adjusted EBITDA and Adjusted EBITDA margin in 2023 were primarily due to lower cost of revenues and sales and marketing expenses, partially offset by higher general and administrative expenses.
- The Company recorded net income of \$100.4 million for the year ended December 31, 2023, or \$40.53 per common share on a fully diluted basis (\$2.03 per ADS), compared to a net loss of \$(234.0) million for the year ended December 31, 2022, or a loss of \$(94.43) per common share on a fully diluted basis (loss of \$(4.72) per ADS) inclusive of the *Benson* class action settlement and goodwill and intangibles impairment charges noted above.
- ARPDAU for the Company's social casino/free-to-play games increased to \$1.09 for the year ended December 31, 2023 from \$0.97 for the year ended December 31, 2022.
- Average monthly revenue per payer for the social casino/free-to-play games increased to \$245 for the year ended December 31, 2023 from \$226 for the year ended December 31, 2022.

Fourth Quarter 2023 Financial Results

Revenue inclusive of the contributions from SuprNation in the fourth quarter of 2023 was \$83.1 million, an increase of 9% from the fourth quarter of 2022. Revenue exclusive of the contributions from SuprNation increased 3% year over year to \$78.8 million. The increase was primarily driven by increased engagement of the existing player base.

Operating expenses in the fourth quarter of 2023 were \$47.5 million, an 85% decrease from the fourth quarter of 2022. The decrease in operating expenses was primarily due to lower cost of revenue and decreases in marketing expenses in the fourth quarter of 2023, as compared to the fourth quarter of 2022, and reflects the \$269.9 million non-cash goodwill and intangibles impairment in the fourth quarter of 2022 noted above which did not recur in the comparable 2023 period.

The Company recorded net income of \$25.5 million in the fourth quarter of 2023, or \$10.27 per fully diluted common share (\$0.51 per ADS), as compared to a net loss of \$(194.4) million, or a loss of \$(78.47) per fully diluted common share (loss of \$(3.92) per ADS) in the fourth quarter of 2022. The net loss in the fourth quarter of 2022 included the impact of the \$269.9 million non-cash impairment noted above. Net income for the fourth quarter of 2023 reflects increased revenue and lower marketing expenditures. Note each ADS represents 0.05 share of a common share.

Adjusted EBITDA in the fourth quarter of 2023 was \$36.2 million, an increase from \$24.7 million in the fourth quarter of 2022. The increase was primarily due to increased revenue and lower marketing expenditures.

Net cash flows provided by operating activities for the fourth quarter of 2023 was \$29.7 million, compared to net cash flows used in operating activities of \$20.9 million in the fourth quarter of 2022. The increase was primarily due to the payment of \$50 million toward the *Benson* litigation settlement in the fourth quarter of 2022.

Full Year 2023 Financial Results

Revenue for the year ended December 31, 2023 was \$308.9 million, down 4% from the prior year. Excluding revenue from the 61-days of operations of SuprNation, revenue would have declined 5% year-over-year to \$304.6 million, primarily due to the normalization of player activities after the lifting of stay-at-home orders and other COVID-related restrictions, as well as changes in player behaviors relating to inflation and global economic concerns during 2023.

Operating expenses for the year ended December 31, 2023 were \$190.7 million, a decrease of 70% from the prior year. The decrease was primarily due to a charge of \$141.8 million reflecting the incremental charge associated with the agreement in principle to settle the *Benson* class action and associated proceedings and the \$269.9 million impairment of goodwill and intangibles in 2022. Both charges were one-time charges and not re-occurring in nature.

Net income was \$100.4 million, or \$40.53 per common share on a fully diluted basis (\$2.03 per ADS), compared to a net loss of \$(234.0) million for 2022, or a loss of \$(94.43) per common share on a fully diluted basis (loss of \$(4.72) per ADS).

Adjusted EBITDA for 2023 increased to \$118.9 million compared to \$101.6 million for 2022, primarily due to lower sales and marketing expenditures in 2023.

Net cash flows provided by operating activities for the year ended December 31, 2023, were \$20.8 million compared to \$50.8 million in the year ended December 31, 2022. The decrease was primarily due to the payment of \$95.3 million toward the *Benson* litigation settlement in the second quarter of 2023. Excluding this payment, net cash flows provided by operating activities were \$116.1 million for the year ended December 31, 2023.

These statements are not statements of historical fact. We have based these forward-looking statements on our current expectations and assumptions about future events. While our management considers these expectations and assumptions to be reasonable, they are inherently subject to significant business, economic, competitive, regulatory and other risks, contingencies and uncertainties, most of which are difficult to predict and many of which are beyond our control. Use and Reconciliation of Non-GAAP Financial Measures

In addition to our results determined in accordance with the accounting principles generally accepted in the United States of America ("<u>GAAP</u>"), we believe the following non-GAAP financial measure is useful in evaluating our operating performance. We present "*adjusted earnings before interest, taxes, depreciation and amortization*" ("<u>Adjusted EBITDA</u>") because we believe it assists investors and analysts by facilitating comparison of period-to-period operational performance on a consistent basis by excluding items that we do not believe are indicative of our core operating performance. The items excluded from the Adjusted EBITDA may have a material impact on our financial results. Certain of those items are non-recurring, while others are non-cash in nature. Accordingly, the Adjusted EBITDA is presented as supplemental disclosure and should not be considered in isolation of, as a substitute for, or superior to, the financial information prepared in accordance with GAAP, and should be read in conjunction with the financial statements furnished in our report on Form 6-K filed with the SEC.

In our reconciliation from our reported GAAP "net income before provision for taxes" to our Adjusted EBITDA, we eliminate the impact of the following eight line items: (i) depreciation and amortization; (ii) loss contingency related to the *Benson* case; (iii) impairment of goodwill and intangibles; (iv) interest income; (v) interest expense; (vi) foreign currency transaction/remeasurement (gain) loss; (vii) short-term investments (gain) loss; and (viii) other (income) expense, net. The below table sets forth the full reconciliation of our non-GAAP measures:
